

ORDER OF THE BLACK WING

PREPARATION: The royalty lines for this ceremony require them to know what the recipients are known for teaching. If the royalty are unfamiliar with what the recipient supposedly teaches, perhaps they need to reconsider giving it.

Scroll/Promissory: None

Token: A metal wing, given as either a pin or hanging from a ribbon.

Herald: Let _____ come kneel before Their Highnesses.

(Candidate comes forward and kneels before the royalty.)

Herald: Without wings, the swan cannot take flight. But swans use their wings for other purposes as well – to buffet their foes and shelter their young. They are not born knowing how to do these things. Without another to teach these skills, the wings of a swan would be little more than ornamentation. The Order of the Black Wing honors those who enrich Cynagua with their teaching.
